

COLIBRÌ

COLIBRÌ

Colibrì è la prima monoblocco in polipropilene firmata OMP: una collezione formata da sedia e poltroncina entrambe realizzate interamente in polipropilene, anche riciclato post consumo industriale, dalle linee morbide e avvolgenti, perfetta per interni ed esterni. Colorata, leggera e versatile, si inserisce con eleganza in uffici, spazi horeca e contesti educational. Impilabile e disponibile con pannello seduta tappezzabile, Colibrì coniuga resistenza e stile, senza rinunciare al comfort.

Colibrì is the first polypropylene monobloc by OMP: a collection consisting of a chair and small armchair, both made entirely of polypropylene, also recycled post-consumer industrial polypropylene, with soft, enveloping lines, perfect for indoor and outdoor use. Colourful, light and versatile, it fits elegantly into offices, horeca spaces and educational contexts. Stackable and available with a seat panel for upholstery, Colibrì combines strength and style without sacrificing comfort.
